**Eric Dionne**  
**Director**

The Youth Center was established to provide educational activities that are structured and meaningful to the youth of the Turtle Mountains. Through a collaborative effort with local educational agencies, youth mentoring programs, health programs and the Turtle Mountain Band of Chippewa Indians, the Youth Center aims to guide students in a positive direction, which will hopefully, instill a tradition of leadership, excellence, and self-determination to the youth of the Turtle Mountains. Therefore, our time and effort will be focused on providing youth with structured activity and place for them just to be kids.
